## Description:

Lauren was so young, how could she be expected to serve the table of the King? But she did, and the rest, as they say, is history. From a kitchen servant to sitting beside the Prince of Lyonesse, Lauren was leading a blessed life. No one could have foreseen just how far those blessings would go, but it was not just the blessings of climbing up from the life of a servant, it was having the heart of a servant that followed her everywhere she went that made Lauren different. It was impossible not to love her once you met her, for in her simplicity and humility, she changed the lives of those she touched along the way. Lauren's story intertwines with Philips as kingdom meets kingdom meets kingdom in love and war. And the three

become one.
